Friends of the Animal Shelter is a non-profit organization founded in 1990 to support the programs and activities of Jackson County Animal Care & Control. Our mission is to provide loving care for adoptable pets that enter the shelter and assist in finding permanent, loving homes for them. To this end, we perform many tasks at the shelter and elsewhere, both working directly with the animals and in many other capacities that make our service to animals possible, including raising the funds necessary to cover operating costs. We seek volunteers willing and able to make a long-term commitment to filling our staffing needs. Your answers to the following questions will help us determine whether you are one of those people.

Do you have previous experience in the animal welfare area? Please describe.

Do you have or have you had companion animals? Please tell us about them.

Why are you interested in being a FOTAS volunteer at this time?
